after forty years in academia p s groenwald leaves a rich heritage which is measured not only in terms of his impressive list of publications but also in terms of those for whom he was the academic mentor his versatility as academic is reflected in the variety of specialist fields in which his former students find themselves experts in literature and linguistics lexicographers and translators all found their niches under his tutelage in appreciation of the enormous contribution that he made towards their careers and academic schooling former students and colleagues have decided to honour him with this festschrift

globalisation and african languages links african language studies to the concept of globalisation which increasingly undergoes critical review hence african linguists of various provenience can make valuable contributions to this debate in cultural matters which by definition include language there is often a sense that globalisation leads to a major trend of homogenisation which results in a reduction of diversity on the one hand and on the other in new themes being incorporated into global cultural patterns however often conflicting and overlapping particularistic interests exist which have a constructive as well as destructive potential this aspect leads directly to the first of three sections of this volume language use and attitudes which addresses some of the burning issues in sociolinguistic research since this research area is tightly linked to the educational domain these important issues are addressed in articles that comprise the second section of this volume language policy and education the third section of the volume presents articles dealing with language description and classification demonstrating which parts of different language systems are affected through contact under historical and modern conditions the contributions of all the well known scholars in this volume show that globalisation is a two way street and to ensure that all sides benefit in a reciprocal manner means the impacts have to be monitored globally regionally nationally and locally by disseminating and emphasising these linguistic findings as part of the global cultural heritage african language studies may offer urgently needed new perspectives towards a rapidly changing world

principles and practice of south african lexicography is directed at experts in the field of practical and theoretical lexicography in south africa applying the general theory of lexicography to the south african lexicographic environment the authors of this book are leaders in the field of south african lexicography and active participants in the international lexicographic arena publishing regularly in national and international journals and giving papers at international conferences and workshops

a longer range purpose is to collect comparable information on as many polities as possible in order to facilitate the development of a richer theory to guide language policy and planning in other polities that undertake the development of a national policy on languages this volume is part of an areal series which is committed to providing descriptions of language planning and policy in countries around the world book jacket

this work looks at south africa and its people including all the racial and ethnic groups in all the provinces and their different cultures it s also a general historical background of south africa since the founding of the country also the country s natural resources in every province is one of the subjects covered in the book african immigrants in south africa a relatively new group in the country especially since the end of apartheid is another subject addressed by the author and there s much more that s covered in this work

the creation of a sustainable and accessible higher education systems is a pivotal goal in modern society adopting strategic frameworks and innovative techniques allows institutions to achieve this objective the handbook of research on administration policy and leadership in higher education is an authoritative reference source for the latest scholarly research on contemporary management issues in educational institutions and presents best practices to improve policies and retain effective governance addressing the current state of higher education at an international level this book is ideally designed for academicians
